BONUS BILL MUST PROVIDE MEANS OF RAISING REVENUE

President Harding so Informs G. O. P. Leaders

(By The Associated Press)

WASHINGTON, Feb. 6.—President Harding informed Republican congressional leaders today that whatever soldier bonus bill is enacted should carry with it a provision for raising the revenue to finance the bonus. Various means of obtaining the money were discussed, but it was said that no conclusion was reached.

It was agreed at a white house conference lasting more than an hour and a half that the problems of financing should be attacked jointly by majority members of the house ways and means committee and the senate finance committee. Whatever agreement is reached it was stated would be submitted to the president before it is submitted to the house.

Chairman Fordney of the house committee and Chairman McCumber of the senate committee said the inter-committee conferences would be initiated soon, probably within a day or two, after the house committee closes its hearings on the bonus measure. Both Representative Fordney and Senator McCumber said that none of the many suggested methods of raising the funds, including the use of the interest on the British debt had been eliminated during the discussions. Besides Mr. Fordney, house Republicans attending the conference were Representative Mondell of Wyoming, the majority leader; and Representatives Green, Iowa, Longworth, Ohio; Copley, Illinois; and Chandler, Oklahoma, all members of the ways and means committee.

Senators at the conference were all members of the finance committee and included besides the chairman, Senators Curtis, Kansas; Watson, Indiana and McLean, Connecticut.

COVENANTS ARE SIGNED AND SEALED MONDAY

Work of Arms Conference Praised by Harding

(By The Associated Press)

WASHINGTON, Feb. 6.—The covenants finally signed and sealed, the Washington conference was passed on to history today by President Harding as an example to imbue with new hope all that dwell in apprehension.

Speaking before a plenary session which brought to a close the negotiations begun 12 weeks ago at his invitation the President declared in courageous tones "the first deliberate and effective expression of great powers in the consciousness of peace, of war's utter futility."

Before him as he pronounced his appraisal lay newly signed the treaties by which the predominant nations agreed to put a limit on their navies to guarantee a new deal for China and to set up an international concord to keep the peace in the Pacific. "It matters little," said Mr. Harding, "what we appraise as the outstanding accomplishment. Anyone of them alone would have justified the conference. But the whole achievement has so cleared the atmosphere that it will seem like breathing the refreshing air of a new morn of promise."

"It may be that the naval holiday here contracted will expire with the treaty but I do not believe it. Those of us who live another decade are more likely to witness a growth of public opinion strengthened by the experience which will make nations more concerned with living to the fulfillment of God's high intent with a genius of warfare and destruction."

"Since this conference of nations has pointed with unanimity to the day of peace today, like conferences in the future under appropriate conditions and with aims well conserved and definite, may illumine the highways and byways of human activity. The torches of understanding have been lighted and they ought to glow and enfold the globe."

President's Address.

The president delivered his parting message to the delegates as soon as the formal signing of the treaties had been concluded and when he finished the conference closed as it had opened on November 12, with a prayer. Within a few hours some of the foreign delegations had left Washington and most of the others will go tomorrow.

Four treaties and a supplement to a fifth were given final approval today, but the entire ceremony occupied less than an hour. No other business remained and the seventh and final plenary session came to an end at 11:13 a. m., one hour and eleven minutes after it was called to order.

In the order of their signature, the instruments to which the plenipotentiaries affixed the names were the four new Pacific treaty supplement, excluding the principal Japanese islands from the scope of the pact, the five power submarine and poison gas treaty; the nine power general far eastern treaty and the nine power Chinese tariff treaty. Of the three other treaties resulting from the Washington negotiations, that related to Shantung was signed Saturday and the dealing with cable rights in Yap, and allocation of the former German Pacific cables are yet to be put into final form by direct exchanges between the interested governments.

ULSTER CABINET TAKES ACTION ON BOUNDARY LINES

Text of Craig's Letter to Lloyd George Given

(By The Associated Press)

LONDON, Feb. 6.—The Ulster cabinet members in London met this afternoon and decided they would stand by the government of Ireland as with regard to the Ulster boundary unless that boundary was changed by mutual agreement.

The communique quotes Sir James' letter to Lloyd George as follows:

"I have held a meeting with those cabinet members of Northern Ireland who are in London to consider the question of boundaries as it now stands. Since the correspondence began on the subject of an Irish settlement we have relied on the sentence in your letter of July 20, 1921, to Mr. Duvaiera, which runs as follows: 'It, the settlement, must allow for full recognition of the existing powers and privileges of the parliament and government of northern Ireland, which cannot be abrogated except by their consent.'"

Although the necessity for giving a final decision on behalf of the government of northern Ireland does not arise until after our parliament has voted itself out of the free state as the result of our deliberations today I have to inform you that we adhere to this principle laid down by yourself, and we cannot consent to any alteration of our boundary except by mutual agreement failing which will with respect to any territory in dispute the boundary will stand as defined in the government of Ireland act of 1920."

HOOVER GIVES OUT FIGURES ON COAL SUPPLY JANUARY 1

Bituminous in Storage Would Last About 41 Days

(By The Associated Press)

WASHINGTON, Feb. 6.—Bituminous coal in storage throughout the country at the beginning of the year was sufficient to last about 41 days if properly distributed, according to a joint survey by the census bureau and the geological survey made public tonight by Secretary Hoover.

On January 1, total commercial stock of bituminous coal was estimated at 47,000,000 tons which was 16,000,000 tons or 25 percent less than the amount in storage at the end of the war and about 1,000,000 tons less than the country's supply on November 1, when a previous survey was made.

While public utilities and railroads, the survey declared, took the precaution to increase their stocks of coal during November and December, a decrease in the stocks of industrial consumers and retail coal dealers was reported. By classes of consumers the survey showed the supplies of coal on hand the first of the year as follows:

Railroads 35 days; Coke plants 42 days; steel works 48 days; electric utilities 51 days; coal-gas plants 89 days; other industries 51 days. Retail coal yards had bituminous coal enough to last 33 days and anthracite sufficient for 44 days.

MADAME GADSKI BRINGS SUIT FOR HALF MILLION

Is Filed Against Chicago Grand Opera Company

(By The Associated Press)

NEW YORK, Feb. 6.—A half million dollar libel suit against the Chicago Opera company was filed in federal court today by Counsel for Madame Johanna Gadsdski, wife of Captain Hans Tauscher, a German subject.

Madame Gadsdski charges that the opera company after contracting with her to sing the role of "Isolde" in two Chicago performances of "Tristan" and "Isolde" at \$1,500 each, publicly cancelled the contract on the ground that patrons would refuse to hear her sing because of the presence in America of her husband, a former German army officer.

Madame Gadsdski asserts cancellation of the contract and the attendant publication of "false and malicious" reports caused her the loss of the stipulated \$3,000 and have "destroyed her earning power, which heretofore has been very large" so that she is without employment. She also alleges that numerous persons who were negotiating for her services have broken off such negotiations since publication of the Chicago company's refusal to let her appear. The contract with the Chicago company was signed last Nov. 3.

Madame Gadsdski described herself as a citizen of Germany and a resident of New York with her husband since 1914. Concerning her husband she asserts he devoted the entire period of his residence in Germany during the war to the alleviation of suffering among American prisoners and that he has come here at the invitation of the United States government to reveal processes of metal manufacture invented in Germany.

FARMERS SHOULD NOT BE EXEMPT BRANDEGEE SAYS

Makes Attack on Co-operative Marketing Bills

(By The Associated Press)

WASHINGTON, Feb. 6.—Proposed provisions of co-operative marketing bills, now before the senate, exempting farmer organizations from operation of the Sherman anti-trust law were attacked in the senate today by Senator Brandegee, Republican, Connecticut, who asserted that congress was going far astray when it said in legislation that an act by a farmer is "not a crime but becomes a crime when done by a manufacturer."

Mr. Brandegee declared that the country need not expect relief from higher prices thru passage of the bill "if the farmers who are its beneficiaries choose to inflict high prices."

He added that he believed there was grave danger of corner in the food and clothing supplies of the country if the proposed exemptions are enacted into law.

"I do not know," he continued, "whether the Sherman law should be maintained but I do know that no amount of apologizing, explaining or attempts to justify can satisfy me that we should have laws which are not uniform in their operations. I have always insisted that our laws should be general and we either ought to keep the Sherman law or discard it. 'We cannot make a thing fish for one citizen and fowl for another.'"

Mr. Brandegee said that "he did not think such stock in the statement that the privileges granted thru the bill would not be abused by the farmers as much as the same grants of authority were made to other classes of people. He said that human nature had not changed and he did not believe that the farmers had a higher sense of honor than the manufacturers or other business folk who expect to take advantage of legal methods accorded them."

Can't Agree on Scope.

The attack came at the end of a day's debate on the bill mostly between lawyer members of the senate, none of whom appeared to agree with any other as to exactly the scope of the bills. The house bill, theoretically before the senate is regarded as being more liberal in its exemptions than the senate substitute or the measures submitted by several senators giving authority for the creation of co-operation associations.

Senator Walsh, Democrat, Montana, spoke for several hours on the legal phases involved in the various measures and engaged almost continuously in colloquies with other senators as to what provisions of the various bills meant. He believed as many other senators said they did in the principles of co-operative marketing. But declared that too great measures were dangerous and would before passing the legislation, action which he predicted would be taken.

As a result of the tangled situation it was doubtful tonight whether a vote could be had on the bill tomorrow.

CHICAGO CAN'T PAY EMPLOYEES

(By The Associated Press)

CHICAGO, Feb. 6.—Laborers employed by the city were forced to go without pay today for their last two weeks' work when the city paymaster's office closed until further notice for lack of funds. A payroll of \$200,000 for laborers employed by the city was due for distribution today, but it was announced that no more municipal employees paid from the corporate fund will get their money from the city until the council has passed the budget and tax participation warrants can be issued to be collected in 1923.

Meanwhile the council finance committee started hearings on a revision of the appropriation bill previously recommended to the city council for the purpose of cutting \$1,200,000 from it.

If the city's financial authorities carry out their announced intention approximately 15,000 city employees, including the firemen, the policemen, the aldermen and the mayor will have to go without their pay this month.

CARDINAL RATTI IS CHOSEN AS PONTIFF OF CATHOLIC CHURCH

Election Completed Without American Participation—Coronation Will Take Place February 21—Cardinal O'Connell Arrives too Late to Participate in the Balloting

(By The Associated Press)

ROME, Feb. 6.—Cardinal Achille Ratti, archbishop of Milan, has been chosen supreme pontiff of the Roman Catholic church to succeed the late Pope Benedict XVI. His coronation as Pius XI will take place February 12.

After the announcement of his election the pope appeared on the outside balcony of St. Peter's and bestowed the benediction on the thousands who had waited patiently in the rain in St. Peter's Square—the first time this has occurred since the breach between the state and the church in 1870; for 52 years the blessing had been bestowed from within the basilica.

The election was completed without American participation in the conclave, Cardinal O'Connell, archbishop of Boston arriving at the moment the new pope was blessing the multitude.

"Universal pacification" is the keynote of the new pope's policy, as indicated in a statement issued by Prince Chigi, marshal of the palace, which made reference to the first blessing bestowed by Pius XI. Continual conciliation, inaugurated by his predecessor, probable reconciliation of the state and church, which has been estranged for so many years and an appeal to all nations to restore peace are said to constitute the most essential aims of the Vatican policy as it will now be conducted.

Cardinal Gasparri will retain his office as papal secretary of state. This announcement coming almost immediately after Pius XI had assumed the high pontificate is regarded as significant as Benedict XV required 24 hours for the appointment of Cardinal Gasparri and never previously had a newly elected pontiff chosen his secretary of state before the elapse of two or three days.

That the new pope has decided to exercise his full authority was shown when some of the cardinals, attached to what has become known as the "irreconcilables" attempted to persuade him not to appear on the outside balcony.

"Remember I am no longer a cardinal," he said, "I am the supreme pontiff now."

The diplomatic corps and papal aristocracy were received in the Vatican this afternoon. His holiness passed along the Loggia, accompanied by his entourage and escorted by noble guards in their striking red full dress uniforms and the Swiss guards in medieval costumes.

As the pontiff moved slowly along, all knelt. He offered his hand and it was reverently kissed. Then he proceeded to Clementine Hall, where others received the papal benediction.

There was a touch of melancholy sadness and disappointment to hundreds of Americans mingling among the thousands of Italians in St. Peter's Square when Cardinal Ratti, dean of the deacons appeared on the balcony of St. Peter's and shouted: "I bring you great joy."

The words spelled consternation to the Americans, and a few minutes later, as Cardinal O'Connell's automobile drew up to the large bronze gate on the right side of the Vatican, it was realized that one more conclave had been held without American participation.

SERIOUS CHARGE MADE AGAINST STATE OFFICIAL

Former Stenographer Brings Suit for \$100,000

JACKSON, Miss., Feb. 6.—A \$100,000 damage suit alleging seduction, filed by Miss Frances G. Birkhead against Lee N. Russell, governor of Mississippi, in the United States District Court today was declared by prominent officials to presage one of the bitterest and most sensational legal and political fights in the state's history. Governor Russell refused to discuss the suit further than to declare it the "most damnable blackmail conspiracy in the history of Mississippi."

His indignation was that it did not come entirely as a surprise, rumors of such an action, having been more or less common gossip in political circles. In her bill of particulars Miss Birkhead asks \$50,000 on each of two counts. The first alleging seduction avers that she was persuaded to "yield to his will" and that as a result "plaintiff's reputation and character were ruined, and she was caused to lose her employment, and her health was ruined, to her great damage, in the sum of \$50,000."

In the second count Miss Birkhead alleges that she underwent an illegal operation "at the instigation of Governor Russell, which totally ruined and wrecked her health, causing her to suffer untold anguish and pain, and that she is now an invalid and must remain so the rest of her life."

In a sworn statement, Miss Birkhead charges that the alleged seduction took place in Mr. Russell's private office in the state house in July, 1918.

Miss Birkhead, in this statement alleges that, soon after she accepted employment as a stenographer in Russell's office, his friendly and declarations of love and promise of marriage quickly followed, the marriage to take place when he could get a divorce. She states Mr. Russell told her he was not happy with his wife. Under these promises, she avers, she consented to clandestine meetings.

In October, 1918, Miss Birkhead's statement declared, she grew fearful of becoming a mother and besought the advice of Mr. Russell, who, she asserts, suggested self treatment and advised consultation of a physician only if it became imperative. She later visited physicians in Memphis and New Orleans she asserts.

"When it became evident that Governor Russell was not going to furnish me the necessary funds to go to some hospital," the statement continued, "as suggested by me, I decided that I would of necessity have to adopt his suggestions and told him I would consent to the operation."

The operation, she alleges, was performed at Memphis and was followed by serious illness. A trip to Denver at Mr. Russell's expense followed at which time she declared that her efforts were made later thru his agents to effect a financial settlement.

The numerous statements of President Lewis of the miners union about the proposed fusion with the railroad brotherhoods, can be taken as an evidence of weakness. The head of the miners' organization evidently believes that he is going to need help.

The business of the Bethlehem steel corporation is being operated in a small way by comparison with the total efficiency of its plants. Nevertheless the directors not long ago voted to expend \$25,000,000 for expansion. This presents tangible proof of the belief of Charles Schwab and his associates in the future of business in the United States.

Almost every comment made by any leader in the world of business and finance lays emphasis upon the need for cheaper fuel and cheaper transportation for the desired revival of business. There are promises that

both of these needs will be met along about April 1.

Springfield must be getting to be a very moral city. The authorities there have recently placed a ban upon street carnival companies and until further notice none will be permitted to exhibit in the capital city. The Springfield Journal in commendation of the action of the city commissioners very truly says that carnivals are anything but elevating and that the effect is always for law violation.

THE GRADE CROSSINGS.

Just who was to blame for the fatal railroad crossing accident yesterday will be determined later. However, the time must come when all grade crossings are abolished, at any rate upon all main traveled roads. The increase in automobile traffic has added in a most alarming way to the number of crossing fatalities.

It will mean a large expenditure of money to do away with these crossings or even to maintain electric danger signals, but in the effort to reduce the annual loss of lives the time will come when the necessary expenditures will be made.

REVENUE COLLECTION A BIG TASK

The Manufacturers News observes that the collection of federal internal revenue taxes is a big job and then goes on to give some interesting figures in connection with this matter. The civil service commission has made the announcement that more than 20,000 employees are engaged in this work, 7,800 of whom are attached to the income tax unit. This latter figure includes more than 5,000 auditors and inspectors of income tax returns who are employed in Washington and in the field. Notwithstanding this large force, the commission states that the Bureau of Internal Revenue needs several hundred more auditors and inspectors for the income tax unit and that an examination to fill these positions will be held throughout entrance salaries offered range from \$1,800 to \$3,000 a year. Advancement will depend upon demonstrated efficiency. New appointees are given a six weeks' course of training in the technicalities of the income tax law and are paid full salary during such instruction.

BOARD PLANS FOR E. STATE PAVING

Resolution Passed at Meeting of Board of Improvement—Jordan Street Hearing Held.

The Board of Local Improvement held an adjourned hearing yesterday with reference to the proposed improvement of East State street from the railroad tracks to Johnson street. At the original hearing the matter was discussed frankly and several property owners entered objections. However, none of them were very vigorously opposed, and at the session yesterday after some further discussion the board adopted a resolution providing for the pavement of the street with asphalt.

Subsequent to this action the board met with the property owners from Jordan and Diamond streets, where it is proposed to construct an asphalt pavement from Church street to Diamond street and thence north one block to North street.

The property owners present included A. E. Williamson, W. D. Wood, Dr. E. L. Staff, Miss Wardhaugh, A. C. Jones, H. O. White, George Brown, Edgar T. Busey, T. V. Finney and J. M. Allison.

In the beginning most of these property owners expressed their opposition to the pavement, and a number of them signed a petition asking the board not to construct the pavement. However, they signed the petition after having had the understanding that the asphalt pavement proposed would cost them \$11.50 per lineal foot. When it was disclosed that the estimated cost would be about one-half that amount for each property owner, then the objections were withdrawn. It is the understanding that this pavement will be put down.

SCHOOL OF MISSIONS BROUGHT TO CLOSE

Mock Trial Sunday Concluded a Very Interesting Series of Events at the Baptist Church.

Mr. American Christian, who was tried on Sunday night in a missionary mock trial at the First Baptist church was found guilty of defrauding the Baptist New World Movement out of a large sum of missionary money, and was sentenced by "Judge Swift" to study the needs of other people, and to obey every law including the "Great Commission."

The thirty participants, including the twelve jurymen, played their parts well and made a fine impression on the large audience that filled the auditorium. This was the concluding feature of the Church School of Missions that has been in session for six Sunday nights. Four mission classes met regularly at 6:30 p. m. for the study hour. The Adult Class was taught by Mrs. C. O. Swift and completed the mission book, "Why and How of Foreign Missions." Miss Caroline Abbott taught the book, "World Friendship, Inc." to the World Wide Guild; "Making Life Count" was the text book of the Intermediates with Miss Carrie Spires as instructor. In the Senior B. Y. P. U. the pastor, Rev. A. P. Howells, conducted the study of the interesting mission volume, "Playing Square With Tomorrow." During the lecture period, which was the time of the regular evening service, the following novel missionary features were introduced: A stereopticon service entitled "Where Did My New World Movement Money Go?"; a song service called "A Song Story of a City Mission"; a missionary play, "Aunt Polly Joins the Missionary Society," by the Women's Missionary society; another missionary play, "An Afternoon in a Chinese Hospital," by the World Wide Guild; a World Wide Guild stereopticon service, and the closing event of Sunday night, "A Missionary Mock Trial," given by the Baptist Young People's Union.

The secretary, Miss Elizabeth Long, reports a total attendance for the six successive Sunday nights in the study classes of 484, and the lecture period following of 891, making a total attendance at the School of Missions of 1,375. At the session of the church on Sunday night the church extended an invitation to State Evangelist Frank M. Dunk of Normal, Ill., to assist the pastor in a two weeks' series of evangelistic services from April 2-15. Almost a hundred men and boys attended and sat together at the "Father and Son Service" on Sunday morning. The pastor preached on the subject, "The Stewardship of Fatherhood." Over sixty-five made reservations for the Father and Son banquet on Thursday night.

Good news for the ladies of Jacksonville and vicinity at TOMLINSON'S

SURPRISE PARTY AT HOME NEAR LITERBERRY

Neil Sorrell was given a very pleasant surprise Sunday by a number of his friends, the occasion being the 26th anniversary of his birth. Mr. Sorrell was totally unaware of any of the plans and was genuinely surprised when his self-invited guests made their appearance Sunday morning. However, he made them very welcome and the day was one long to be remembered by both host and guests.

At noon a beautiful dinner was served by Mrs. Sorrell who is a cook of the most efficient type. Afterward came a few hours spent in a very pleasant informal way, and when the guests departed it was with the hope that they may help Mr. Sorrell celebrate many more such occasions. The company included "Grandma" Henderson, Mr. and Mrs. L. H. Maul, Mr. and Mrs. Ray Maul and son, Roy

Maul and son John Russell, Mr. and Mrs. Ernest Decker, Mr. and Mrs. Henry Sorrell.

A picture that is an extraordinary departure from the type that Mix has made famous. It is a thrillingly romantic story, with Mix playing the part of a dashing gentleman adventurer, and early reports on the picture declare that Mix's versatility and power as an actor in his new role has dazzled and filled with pleasant surprise all those who have seen it. He is revealed especially, in the early scenes, as a comedian of very positive ability. The atmosphere of the story is unusually varied and colorful, ranging from an American city to the capital of a tropical republic with ships, a circus in full blast and a royal wedding adding flavor to the whole. To the host of Mix admirers throughout the world it reveals him as a new genius.

DR. CARL E. BLACK ADDRESSES MINISTERS

Tells Ministerial Association of Experiences in Macedonia at Regular Meeting Monday Evening.

Dr. Carl E. Black made an address at the regular meeting of the Jacksonville Ministerial association Monday morning, his theme being experiences in Macedonia. The address was one which the ministers found exceedingly interesting, made more so by the use of a number of stereopticon slides.

Dr. Black described the box car in which the trip was made thru Bulgaria to locate camps of Greek refugees and to arrange for their release and return to their own country. There were about 150,000 of these Greek refugees, many of them women and children, and they underwent great hardships in the camps before they were finally released. One of the greatest difficulties encountered in caring for these refugees was typhoid fever, which was continually prevalent among them.

The speaker declared that the Greeks are very faithful in their work for their own people who have been expelled from some other land, and many of the most prominent Greek citizens joined in the rescue work voluntarily.

Reference was made to the religious life of the Greeks, and Dr. Black told of a visit to a city in eastern Albania, which was in earlier days known as "the city of the forty churches." These churches were built by the people of various small villages round about, who instead of having a church in their own village had one in the city and made a pilgrimage there once or twice each year.

Mr. Black had on exhibition a French map of the Balkans and pointed out on this the location of the various places to which he referred. Altogether it was one of the best lectures the ministers have heard in recent years.

TWO FUNERALS ARE HELD AT WINCHESTER

Late LeRoy Violette Laid to Rest Monday Afternoon—Funeral of Mrs. Callahan McCarthy Held Sunday—Other Winchester News.

WINCHESTER, Feb. 6.—The funeral of the late LeRoy Violette was held at the Methodist church at 3 o'clock Monday afternoon. The large auditorium and the gallery were filled with the friends and relatives of the deceased, who was one of the best known Winchester residents. The service was opened with a quartet number, "Lead Kindly Light," sung by Mrs. Gertrude Demerath, Mrs. Ada Lankford, S. G. Smith and George Hieronymus, with Mrs. Eckman as accompanist. Prayer was offered by Rev. Carl Corrie of the Methodist church and then Mrs. Demerath sang as a solo "Come Ye Disciples." Rev. Mr. Johnson then

read the 23rd Psalm. The obituary of the deceased was read by Rev. Mr. Elmore of the Christian church, of which the deceased had been a member for a great many years. The sermon by Rev. Mr. Elmore was a very impressive one and had in it much of comfort for the grief-stricken ones.

After a short prayer and a closing number by the quartet the remains were borne to their last resting place. The pall bearers were, Dan T. Smith, Albert Evans, Miles Gish, Harry Kirkman, R. M. Riggs and John Leib. There were many beautiful flowers, evidencing the esteem of many friends.

Among those from out-of-town at the funeral were, Luther Violette and wife of Ft. Worth, Tex.; John Violette, St. Louis, both brothers of the deceased; Mrs. George Hodgkinson, Springfield, and a number from Jacksonville. A delegation from the C. B. & Q. railroad employees was also present.

Mrs. McCarthy's Funeral. The funeral of Mrs. Callahan McCarthy was held at St. Mark's Catholic church at 10 o'clock Sunday morning, in charge of Rev. Father O'Mulline. A large number of relatives and friends of the deceased were present to pay this last tribute of respect to her memory. Requiem mass was sung by the choir of the church. The interment was made in the Catholic cemetery, with the following bearers, Charles P. O'Donnell, Charles J. O'Donnell, Richard Ryan, T. D. Lyons and Patrick Quinn.

Among those from out of the city in attendance at the funeral were, Mrs. Ray McVay and son, of Chicago; Jack McCarthy, Chicago; Harry Wiener and wife of Alton; Mike McCarthy and family of Manchester.

The Union Service. The union services Sunday night were largely attended and a great deal of interest was evidenced. In the absence of Dr. Violette other ministers took charge, and Rev. W. R. BRADLEY STAGES GREAT COMEBACK AND WINS

Peoria, Feb. 6.—Staging a sensational comeback in the last half in which they scored 22 points to Wesleyan's five, Bradley Polytechnic scored a 32 to 23 victory over Illinois Wesleyan's basketball five here tonight. Wesleyan assumed an early lead and with Bradley missing frequent tosses at the hoop, the Methodists led at the end of the half, 18 to 10.

Bradley completely outclassed the visitors in the last half and with Hoswell and Rogers scoring timely shots overcame the big lead and piled up a safe one of their own. Hoswell and Oliver were the Bradley stars while Haussler and Gottschalk did the best work for Wesleyan. Twenty-five hundred persons saw the contest.

Haussler, Wesleyan forward, and Barrett, Bradley guard, were put out. Haussler for roughness and Barrett for four fouls.

POSTMASTER IS INJURED

White Hall Official Falls and Breaks Wrist—Other White Hall News.

White Hall, Feb. 6.—Postmaster J. E. Wyatt has a broken arm, received Saturday evening in the pursuance of distributing mail about 4 o'clock. He stumbled over an egg case with both arms full, causing him to fall with evidently little force, but it soon developed that his left arm was broken at the wrist.

Mrs. Winters and E. C. Pearce were in St. Louis Saturday to attend a concert in Vanderhoof Music hall by Carleton Everett Knox, poet and philosopher, and Anna Craig Bates, composer, at which two of the compositions by Miss Bates were sung by Mabel Pearce Mettenbach. The concert was an invitation affair. The Morning Etude vocal quartet sang "Light" with the composer at the piano, in which Mrs. Mettenbach carried the soprano.

There is considerable local interest in the Lincoln birthday observance in the state arsenal at Springfield next Sunday night, and with favorable weather several cars will carry parties from White Hall to hear General John J. Pershing and Vice President Coolidge. There will be a chorus of 300 voices and an orchestra. The arsenal will seat 6,000 people, according to a communication from Hon. Clarence J. Root, who thinks there will be little difficulty in admitting all comers.

Another rehearsal of the male chorus was held in the K. of P. hall Sunday afternoon under the direction of T. J. Grant. It has been decided to put on a monthly concert in connection with church services, alternating the appearance of the chorus among the various churches. This will be in addition to the participation in the forthcoming K. of P. minstrel. It will sing for the Father and Son banquet in the Christian church Wednesday evening, Feb. 15th.

SURE HELP TO SICK WOMEN

Mrs. Baker, so much Benefited by Lydia E. Pinkham's Vegetable Compound, Anxious to Help Others

LEWISBURG, Indiana.—"I was completely run down from women's troubles and stomach trouble and for a long time was hardly able to do my work. I had some friends who had taken Lydia E. Pinkham's Vegetable Compound, and they told me about it. I knew what it had done for me and I recommended it to others, as I am sure it will be a great help to all sick women. It is a wonderful medicine, and I give you permission to use my testimonial and my photograph." — Mrs. EMMA BAKER, 210 S. East St., Lebanon, Indiana.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject.

Mrs. Baker calls it "a wonderful medicine." If you are suffering from troubles women often have, or feel all run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you.

AT COUNCIL SESSION

East Morton Avenue Payment Ordinance Passed—Auto Freight Permit Issued—City Officers' Reports Filed.

At the meeting of the city council Monday night Mayor Crabtree, City Clerk Scott and all aldermen were present with the exception of Alderman Williamson of the Second Ward. Claims were ordered paid and reports of officers were approved.

Mayor Crabtree made a report of the joint meeting of the public health committee and a committee from the Master Plumbers' association with reference to the difficulties of the plumbing board. As a result of that conference the resignation of all members of the plumbing board were received and accepted. The members have been Leslie Harvey, George P. Brown and Alderman C. F. Ehnie.

The mayor said it was the intention to do without the services of a plumbing board until more detailed information as to the duties of the board is at hand.

The ordinance was read providing for the pavement of East Morton avenue in accordance with specifications recently adopted by the board of local improvement. Mayor Crabtree then made an informal report on several paving hearings that have been held in the last week. On recommendation of City Attorney Bellatti it was decided that the mayor shall sign on behalf of the city the request of the Jacksonville & Springfield Transportation Co. to give its trucks over the city streets.

H. J. Rucker, associate adviser of the farm bureau, spoke briefly with reference to the combination sale of livestock which is to be held here in Jacksonville at an early date.

Alderman Ehnie of the health committee made reference to some recent bills for the care of persons under quarantine. It was decided to name a special committee to interview the county board, with the suggestion that there be some pro-rating of the cost as between the city and county. The committee includes Mayor Crabtree, Aldermen Ehnie, Loneragan and McGinnis.

Some minor matters of business were discussed and the council adjourned. Reports of officers were presented and were approved.

DEATHS

The death of George W. Henderson, formerly a prominent resident of this county, occurred Saturday, Feb. 4, at the home of his son, Frank Henderson, in Huron, S. D. The deceased was born in Morgan county seventy years ago and made his home in the Arcadia neighborhood until a few years ago. He was a prominent farmer of this vicinity and was well and favorably known in Morgan county.

Twelve years ago Mr. and Mrs. Henderson went to Red Cloud, Neb., to make their home with their son Claude Henderson. Here Mrs. Henderson died on February 18, 1913, and later Mr. Henderson went to live with his son Frank in Huron, S. D., where his death occurred Saturday.

The decedent is survived by four sons: Frank of Huron, S. D.; Melvin of Springfield; Joseph of Casper, Wyo.; and Claude, of Red Cloud, Neb., and one daughter, Gillette, Wyo. One brother, Henry of Douglas, Wyo., and three sisters, Mrs. Charles Ray and Mrs. Charles Bishop of Los Angeles, Cal.; and Mrs. Douglas Tate of Peoria.

The remains will arrive in the city sometime Wednesday morning and will be taken to the undertaking parlors of C. E. Williamson and Son. Later the body will be taken to Arcadia where funeral services will be held Wednesday afternoon at 2 o'clock and interment made in the Arcadia cemetery.

ILLINOIS NORMAL
TO PLAY SATURDAY

Will Be Next Opponent of Coach Harmon's Five—Blue and White Resume Practice After Week's Lay Off For Exams.

The next college game on the local floor will be played on Saturday night when Normal comes to meet the Illinois College Five. Practice was resumed yesterday after a week of interruption due to the semester examinations.

As there was no game scheduled last week Coach Harmon told the players it was vastly more important that they should pass their examinations than that they should appear for practice and if they felt they needed the time for study they were invited to use it so.

As a result the practice all week was irregular with few of the same men reporting on any two successive afternoons.

The treatment bore fruit because all of the squad came thru the ordeal in eligible condition. Jones, who has been ineligible for some weeks, was able to shake off the scholastic ban by passing all of his examinations. With Jones back in uniform and Hiatt now eligible, since he has satisfied the conference regulation by being in residence here for four and a half months, Coach Harmon has additional material at his disposal.

On top of this good news there came yesterday afternoon the withdrawal of Burrus, who has been playing a fine game at guard improving in his play in each game. Burrus stated to his teammates that he is leaving college in order to bolster up his finances and that he does not expect to return to Illinois College but will at a later date, resume his studies in a school of civil engineering.

Burrus is a Junior in College and is popular with the whole student body, everyone of whom regrets to see him leave the campus.

An additional game may be added to the schedule on February 16. St. Viator has requested a game on that date to fit into a trip which the Kankakee team is taking with St. Louis University at the finish on the 18th. If the local floor is available on that date the game seems assured.

The contest with Wabash College has gone glimmering. February 10th was the only date Wabash has open on their Illinois trip, as the Jacksonville High team plays Jerseyville here on that date and Normal comes on the 11th. There was no possible arrangement to accommodate the Indiana team.

"WAR TIME AIMS"
THEME OF ADDRESS
Dr. O. F. Davis Heard By Large Audience at Community Forum Sunday Night.

"The War Time Aims of Peace" was the theme of Dr. O. F. Davis at the community forum at the Congregational church Sunday night. The eminent Chicago philosopher made a most forceful plea for some of the war time enthusiasm to apply to the big social and economic problems of today.

He suggested that one reason for the lagging in the after-war period was the lack of a definite goal. The conservation of child life he pointed out as one of the most worth while things that can be undertaken, and as an argument gave some facts about the distracting conditions that prevail among the children of Russia, Germany and France.

Still another worth while objective he mentioned can be found in community advancement and various suggestions were made for practical work along this line. Dr. Davis spoke with convincing eloquence and the audience was greatly interested.

The news of the marriage comes as a surprise even to members of the families of the young people, as it had been kept a profound secret.

Mrs. Ahlquist is a daughter of C. A. Hempel, 201 Oak street, and is well and favorably known in the city. Mr. Ahlquist is a son of Mr. and Mrs. John Ahlquist of 512 South Clay avenue, and has been in the employ of G. A. Sieber for some time past.

Mr. and Mrs. Ahlquist left yesterday for Woodruff, Ill., where Mr. Ahlquist has a position with the Standard Oil Co. They have the good wishes of their many friends.

RECORD SHOWS YEAR
OF ACTIVE SHIPPING

Joy Prairie Association Has Handled Twenty-One Loads of Stock at Low Cost—Officials Re-Elected.

The annual report of G. E. Houston, manager of the Joy Prairie shipping association shows that the first eight months work was very much of a success.

During this time twenty-one loads of livestock have been marketed, including 1267 hogs and 209 cattle. Twenty of these loads were sold for \$25,422.16 at a marketing cost of \$2,044.04 or with an average cost estimated on St. Louis weights of 53c per hundred weight. This shipment cost varied from 39c per hundred to 67c per hundred figured on St. Louis weights.

At the annual meeting recently held, Austin B. Patterson, was elected to succeed himself as director and the directors in an adjourned meeting re-elected the officers for another year. Mr. Houston as manager, has followed the practice of delivering the checks for livestock sold in person. He is always at the Farrell State Bank on each Saturday following a shipment between one and three o'clock. Anyone making shipments or desiring information will find him there at that time. A more detailed statement of the manager is being mailed to the 44 members of the association.

DOKAYS GET FIRST
GAME OF THE SERIES

Defeat Knights of Columbus by Score of 26 to 18—Both Teams Off in Shooting.

The Dokays basketball five defeated the Knights of Columbus Quinlet in the first game of the series for the city championship in David Prince gymnasium Monday night by a score of 26 to 18. A large crowd witnessed the game and the rooting of the supporters of the teams was enthusiastic throughout the contest.

The game was a good one tho the players of both teams were not as accurate in basket shooting as usual and missed many easy chances. The Dokays seemed to have an edge on their opponents in the matter of condition.

During the first half the crowd was kept in constant excitement by the closeness of the score. At the end of the half the Knights were leading by a score of 9 to 8. When the second half started the Dokays started an attack that the Knights seemed unable to stop and soon took the lead and were never headed. The score for the second half was 18 for the Dokays and nine for the Knights.

For the Dokays Lucas was the high scorer while Jones did excellent work at guard and also played the floor well, getting two baskets in the second half.

For the Knights Zell seemed to be the only man who could get by the Dokay guards. Carson at the other forward position was unable to get a counter. The other points for the Knights were made by Develin and Clancy.

The next game of the series will be played at Liberty hall this Monday night, February 13. The score:

| Dokays | P. G. | F. T. | T. S. |

REO
SPEED WAGON

Fits Every Business

It is an amazing fact and a high tribute to Reo experience and Reo engineering, that this Speed Wagon has not only invaded but conquered, and today absolutely dominates every field of hauling and carrying and delivering.

Prior to the advent of this Speed Wagon, the work it does today was divided among several widely diversified types and sizes of motor trucks.

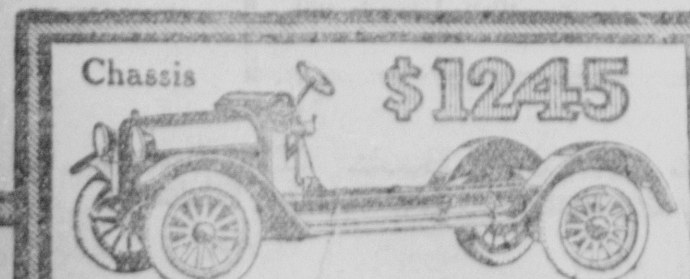

By its wonderful adaptability—its versatility—its ability to cover territory—its absolute dependability and surprisingly low up-keep—this pneumatic tired Reo has gone from one kind of service to another and proven it will do any and all forms of carrying quicker and cheaper.

These prohibition organizations are active in almost every county of the state now and are proving very efficient and of great service. Logan county has been especially active along this line. Our neighbor on the east, Springfield, is getting into action also, and it is the hope of the committee that within a few months the organization will be such that bootlegging will be unknown to Jacksonville.

AGED RESIDENT OF SCOTT COUNTY DIES

The funeral of the late Abraham Wright was held at the Methodist church at 2 o'clock Saturday afternoon in charge of Rev. Carl Corrie, the pastor, assisted by Rev. Elmore. Music was furnished by a quartette, including Mrs. Gertrude Demerath, Mrs. Thomas Smithson, Miles Gish and S. G. Smith. A duet, "Beautiful Isle of Somewhere," was sung by Mr. and Mrs. S. G. Smith. Ninety-one and a quarter years is a long time for a man to live, as men count time. This was the span of life for Mr. Abraham Wright. He was blessed with such physical strength and vigor that he maintained the best of health throughout his life. A great lover of God and of the out-of-doors he spent much of his time in the open; and only last year was out in the fields cultivating and gathering corn. So beneficial was this out door activity that through the years he maintained his strength unabated, while his eye was undimmed. Such are the earthly rewards of a righteous God fearing life. He was converted and joined the Methodist church at Riggston, Ill., in 1877. When he moved to the Winchester neighborhood he transferred his membership to that place where he was faithful to all his duties in the church. Mr. Wright was born in Morristown, New Jersey, November 28, 1830. He was the oldest child of Daniel and Mary Wright.

On November 7, 1854, he was united in marriage to Mary Jane Perrine. Five years after their marriage he with his young bride came to Illinois. Their married life extended over a period of 58 years, and they being separated only by death when Mrs. Wright passed away March 24, 1912.

To this union ten children were born, six sons and four daughters. Five of them still living. Namely, John W. Wright, Jacksonville, Ill.; Mrs. Laura Hornbeck, Perry, Ill.; Frank Wright, Winchester, Ill.; Mrs. Anna Bailey, Jacksonville, Ill. and Gilbert Wright, Riggston, Ill. Sixteen grandchildren, eight great-grandchildren; one sister, Mrs. Charlotte Louise Shinnell of Edwardsville, Ill. On May 3, 1865, Mr. Wright drove a carriage at the funeral of Abraham Lincoln in Springfield, Ill.

The funeral services were very beautiful and were in charge of Mrs. Charles Coultas, Mrs. Lou Bailey, Mrs. Clarence McDonald, and Mrs. Bert Coultas. The pallbearers were: Grant Coultas, R. H. Coultas, Fred Allan, William Wainwright, George McLaughlin and Newton Gillham.

DRIVE AGAINST SHORT INTERESTS RESUMED
NEW YORK, Feb. 6.—The drive against the short interest in the stock market was vigorously resumed at the outset of today's trading, but lost some of its force later in the absence of more than a moderate following.

Speculative favorites of the equipment, motor, oil, shipping and food divisions were used by bull pools to dislodge the bears, as were textiles, tobacco and chemicals.

Rails of the cheaper grade supplemented the irregular advance. Sales amounted to \$59,000 shares. Mixed conditions prevailed in the oil trade as was indicated by a one cent advance in Indiana gasoline prices and a two cent cut for the same product in New England.

Developments of a general character mainly favored the constructive side as did also the tone of the money market and foreign exchanges.

Heavy accessories to local reserves of interior banks soon forced the opening rate of call loans down from 5 1/2 to 5 percent on the exchange and to 4 1/2 percent in private offerings. Time funds were unaltered, five percent being demanded for long time maturities.

Exchange on London eased only slightly from the high record of the past two and a half years made last Saturday, the reaction being ascribed to profit-taking by speculative interests. Other restraints, notably the French and Belgian rates, were strong, Swiss and Greek bills also displaying firmness.

Liberty bonds recorded further recessions in connection with Washington advisers representing soldier bonus legislation.

NEW HIGH LEVEL IN WHEAT MARKET
Chicago, Feb. 6.—New climbing of prices in the wheat market today resulted in the highest level being reached since September 27, 1921. The ascent was preceded by word of a fresh upturn in grain values at Liverpool and Buenos Aires, closing quotations here were firm, 2 1/2 to 3¢ net higher, with May at \$1.28 1/2 to \$1.29 1/2 and July \$1.10 1/2 to \$1.11 1/2. Corn scored a net advance of 1/4 to 3/8 cents, and oats 1/4 to 1/2. In provisions the outcome was unchanged to 1/2¢ higher.

Optimistic views expressed by leading authorities here had a good deal to do with causing a somewhat general impression among wheat traders that strong export efforts were in progress to bring about a better outlet for farm products at reinvented prices. Announcement that prices were higher at foreign centers tended to give the market here a decided upward swing.

Further evidence was at hand that a liberal export business was underway and it was apparent also that instead of an increase which had been looked for in the United States visible supply total a material decrease was certain. Continued unfavorable conditions for the domestic winter crop in the southwest operated as an additional factor in sending prices up, and preventing any important setback during the last part of the day.

Reports of stoppage of selling on the part of rural holders of corn led to urgent bidding from shorts in the corn market. Besides, export demand for corn was again active. Oats ascended with corn.

Provisions were governed by the action of cereals and hogs.
